

ETPIS Newsletter July 2010

CALLS FOR PROPOSALS FP7

Several calls for proposal will be published end of July and there are opportunities for ETPIS members to propose projects. Eligible partners are participants from Member States, Associated countries, International Cooperation Partner Countries, and other countries.

For example, calls under the 2011 Work Programme will cover:

- Main Environment Call (FP7-ENV-2011), Total budget €155 million
- Eco Innovation Call (FP7-ENV-ECO-INNOVATION-2011), Total budget € 50 million
- Main NMP Call (FP7-NMP-2011), Total budget € 306 million
- Advanced Materials (FP7-ENV-NMP-2011), Total budget €12 million
- Energy-Efficient Buildings (Public Private Partnership, FP7-2011-NMP-ENV-ENERGY-ICT-EeB), Total budget €85 million
- Green Cars (Public Private Partnership, FP7-2010-GC-ELECTROCHEMICAL STORAGE), Total budget €25.5 million

The European Commission will present these calls during several info days in Brussels:

- 9 July: Public Private Partnerships ' Energy-efficient Buildings, Factories of the Future and Green Cars'.
More information: http://ec.europa.eu/research/industrial_technologies/lists/events-fp7-information-day-2010_en.html
- 12-13 July: FP7 Environment and Eco Innovation Calls 2011.
More information: <http://circa.europa.eu/Public/irc/rtd/enveco2011calls/library>
- 22-23 July 2010: FP7 Transport Information Days 2010.
More information: http://ec.europa.eu/research/transport/events/infodays2010_en.html

Possible initiatives involving "Industrial safety expertise" were discussed at the last General Assembly and brokerage event of ETPIS.

- 19 May: 5th General Assembly of ETPIS Members, in particular see the presentation from the Project Officer (A. Cipollaro).
More information about the general assembly: [here](#)
- 20 May: Brokerage event to identify projects and initiatives among ETPIS members
More information about the brokerage event: [here](#)

ERANET INDUSTRIAL SAFETY

An ERANET project on industrial safety is in preparation to answer the call to be published in July 2010.

The objective of the ERA-NET scheme is to develop and strengthen the coordination of national and regional research programmes through two specific actions:

- 'ERA-NET actions' - providing a framework for actors implementing public research programmes to coordinate their activities e.g. by developing joint activities or by mutually supporting joint calls for trans-national proposals.
- 'ERA-NET Plus actions'- providing, in a limited number of cases with high European added value, additional EU financial support to facilitate joint calls for proposals between national and/or regional programmes.

A group of eligible partners has been constituted to define the activities and the content/scope of the project.

If you want to join the initiative please contact: juergen.lexow@bam.de

UPCOMING EVENTS

3rd International Forum on Industrial Safety

July 6-7th, 2010 in Toulouse, France

This 3rd Forum on Industrial Safety organised by ICSI is focused on *innovating in safety*

Further information including the programme is available on the web site:

<http://www.icsi-eu.org/english/event/2010/IFIS/>

Industrial Technologies 2010

September 7-9, 2010 in Brussels, Belgium

The focus will be on **nanotechnologies** and **nanosciences**, **materials** and **production technologies**, which are the key areas of the FP7 NMP Theme.

Please note that there is a dedicated session, called "**Research & innovation and industrial safety**" (B.2) on the 7th of September in the afternoon presented by R. Gowland, H. Wenzel, K. Øien and E. Brun.

For more information, please visit: www.industrial-technologies2010.eu

The International Conference on Reliability, Safety and Hazards 2010

December 14-16, 2010 in Mumbai, India

Bhabha Atomic Research Center, Mumbai, along with Center for Advanced Life Cycle Engineering, University of Maryland, USA and Society for Reliability and Safety are jointly organizing an ICRESH with the theme "**Risk-based Technology and Physics-of-failure methods**".

For more information, you will find the brochure (pdf) of the ICRESH 2010 in access on our [website](#).

BUY THE BOOK OF THE 2ND INTEG-RISK CONFERENCE 2010

The 2nd iNTEg-Risk Conference 2010 "New Technologies & Emerging Risk" took place in Stuttgart on June 14-18, 2010. This year the conference has been focused but not limited onto the issues related to dealing with multiple and interconnected emerging risks of New Technologies. The conferences have been accompanied by 10 specialized workshop and courses devoted to major topics dealt with in iNTEg-Risk, by an exhibition and series of project meetings.

Herewith we would like to inform you that the Conference Book prepared for the 2nd iNTEg-Risk Conference is available for purchase. Please contact the conference organization team if you are interested to order a Conference Book (491 pages) for the prize of EUR 80.

More information: <http://www.integrisk.eu-vri.eu/home.aspx?lan=230&tab=51&pag=62>

[Here](#) you will find the agenda of the 2nd INTEg-Risk Conference.

COLLABORATION WITH THE PLATFORM FUTURE TEXTILE AND CLOTHING

ETPIS continues the collaboration with the [European Technology Platform Future Textile and Clothing](#), and participates in the organization of a conference in 2011 on Personal Protective Equipment (PPE). This conference is part of the activity on the European Lead Market for Protective Textiles and Clothing.

The conference is scheduled for February 1&2 in Brussels. More information will be available soon.

This 2011 conference is a follow up of the conference that took place in 2009, where the roadmap was discussed among several organizations (EURATEX, EFSM, ESF, ETSA...).

If you want to read more on the Lead Market for Protective Textiles and Clothing, visit:

http://ec.europa.eu/enterprise/policies/innovation/policy/lead-market-initiative/protective-textiles/index_en.htm

To submit information to be included in the next issues or in the news section of ETPIS website, or if you do not want to receive information any more, please send a message to: info@industrialsafety-tp.org
